tenda[®]

Because they're family.

Net Contents
16 fl. oz. [473 ml]

INDICATIONS:

For years Arnica has been used for the homeopathic treatment of muscle aches, to reduce inflammation, and aid in relief of sprains and bruises.

DIRECTIONS:

As a Liniment - Rub into desired area until skin is wet and allow to air dry. Repeat for no more than twice in one day. Wash area the following day and reapply as desired. With Poultice - Rub into area where poultice will be applied. Apply poultice over top the wetted area. Wash affected area the following day and repeat as necessary. Body wash - For a soothing equine body wash pour 2 fluid ounces into the wash bucket along with Giddy-Up Shampoo. Add water and bathe horse.

ACTIVE INGREDIENTS:

Arnica Montana.....10%

INACTIVE INGREDIENTS:

Deionized Water, and Isopropyl Alcohol, Caramel Color

PRECAUTIONS:

Keep out of reach of children. Do not drink this product. Wear protective gloves and eyewear when using this product. Do not apply to irritated or broken skin. Keep away from eyes and mucous membranes. For external equine use only. Keep away from heat and all ignition sources.
